Hi Jim,

They would need to obtain a lane use permit from BOSS to park their truck for this work. Through this process they can contact LADOT to post temporary no parking signs. They should not park where is is posted No Stopping Any Time or where the curb is red. Parking at these locations would compromise their safety and the public's.

Jeannie, I hope all with you has been good.

We are planning to paint all our BID trashcans that are located on parkways throughout the District. The company that we are hiring to do this has a truck, and they would need to park as close to each can as possible. Is it possible to give them a temporary exemption from parking restrictions when they are out and about to do the painting? Please advise and thanks!
